

## BREEZE 4/4 MFU BUILDING WITH URINAL

Our NEW Breeze 4/4 building is designed to provide a cost effective alternative to a standard MFU building for the event and construction industry.

Benefits are not only for the end user but also the promoter. These units are forkliftable and stackable (storage only) so can reduce operating costs saving time and money.....That's what makes them a BREEZE!

- Australian made & manufactured, aesthetically attractive, highly durable
- 4 toilet cubicles with button flush & 4 person trough urinal
- 2 external stainless steel hand-basins
- Interchangeable male/female signage & non-slip floor
- Hinged seat assembly for easy access to high capacity waste tank 1500l (self contained)
- Stackable - saving storage requirements
- Optional extras solar lighting & Sanitary Bins
- Water connection to tap or remote tanks
- Power: 1 x 15 amp Single Phase
- Size: L 3m x W 2.5m.
- Weight 850kg approx.
- Fork Lift required or Crane (extra cost)
